

Sprint Meeting Results for Sprint 5

What is your Sprint Goal?

To integrate all currently independent parts of our application together to result in a functional application that can be used for our presentation and demonstration. All major functionalities should be working and usable.

Who is the Scrum Master for this Sprint?

Evan Kim

What tasks will you complete during this Sprint?

Task	Owner	Estimated Time to Complete
Host local server externally and provide public access to all clients.	Hitesh	50 min.
